

ROHAN KASICHHWA

rohankasichhwa@gmail.com
KATHMANDU, NEPAL

INTRODUCTION

I have a solid foundation in python and javascript mastering core language concepts, object-oriented principles, and end-to-end machine learning workflows with libraries such as scikit-learn and Pandas and I'm proficient with React and Django for architecting robust, scalable web applications. I also excel at debugging and solving complex problems efficiently.

SKILLS

Back-End Development: Node.js, Django, Express.js

Front-End Development: JavaScript, React, HTML/CSS

Database Management: MySQL, PostgreSQL

Tools & Technologies: Postman, Git, Excel, Scikit-learn, Tensorflow
